About Morehouse School of Medicine (MSM)

Morehouse School of Medicine (MSM) was founded in 1975 in Atlanta, Georgia, as a two-year medical education program at Morehouse College, with clinical training affiliations with several established medical schools for awarding the M.D. degree. In 1981, MSM became an independently chartered institution and the first medical school created at a Historically Black College and University in the 20th century. MSM is among the nation's leading educators of primary care physicians and was recently recognized as the top institution among U.S. medical schools for our social mission. Our faculty and alumni are noted for excellence in teaching, research and public policy, as well as exceptional patient care.

Morehouse School of Medicine is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award doctorate and master's degrees.
